

**Dmitriy:** ALU simulation screenshots (functional + timing)

**Anusha:** Decoder simulation screenshots (function + timing)

**Kevin:** Complete processor simulation screenshots (function + timing). This will be it's testing at the same time.

**Roberts:** Decryption assembly code

**Karl:** Key expansion assembly code

**Siddhartha:** You can help any of us. I guess Kevin, Roberts and I will probably need some help.

@Everyone: You can put the screenshots in the google drive Dmitriy created.

@Roberts: Here is the link to the C codes: <https://en.m.wikipedia.org/wiki/RC5>
